

SUPER MAX

ADVANCED SHAMPOO
LICE ELIMINATION KIT

KILLS & CLEANS IN 1 EASY SHAMPOO

RID® SUPER MAX Advanced Shampoo kills lice, super lice, and their eggs and cleans hair in 1 easy-to-use shampoo, without the use of pesticides. Super lice are lice that built resistance to traditional pesticide-based treatments. RID SUPER MAX Advanced Shampoo kills even super lice because it works via suffocation.

ENHANCED WITH LICE DEFENSE INGREDIENTS

RID SUPER MAX Advanced Shampoo contains a uniquely effective combination of ingredients that help keep new lice away from treated hair for up to 3 days. If lice remain in the home environment after treating hair, they can survive 1-2 days away from a human host. RID SUPER MAX Advanced Shampoo helps keep those lice away from treated hair.

Intended Use: to kill and remove super lice, lice, and their eggs in infested adults & children from 1 year of age and older.

Kit includes: RID SUPER MAX Advanced Shampoo and RID comb

INSTRUCTIONS

Important: Read warnings before use.

Step 1: APPLY the shampoo to dry hair, completely saturating hair, and scalp. Use a towel to cover eyes and exposed skin areas. Massage from the roots to the tips, paying particular attention to the area behind the ears and the hairline behind the back of the head. Leave the shampoo in the hair for 10 minutes (no longer). In the case of long hair, pin the hair up away from skin.

Step 2: WASH after 10 minutes, apply some (lukewarm) water to the treated hair, as it is important for the hair to be wet when shampooing. Work up a lather (foam) and rinse thoroughly using plenty of (lukewarm) water. Rinse until all shampoo has been removed. No additional washing step with a regular shampoo is required.

Step 3: COMB to remove lice and eggs. Part the hair into sections and comb one section at a

time. Place the teeth of the comb as close as possible to the scalp and comb away from the scalp to the end of the hair. Use clips to pin back each section of combed hair. Clean the comb during use by wiping onto a tissue. Discard the tissue into a sealable plastic bag. Discard the sealed plastic bag.

Usage guidelines for RID SUPER MAX Advanced Shampoo

Hair Length	Applications Per Bottle
Short	Up to 4
Medium	2-3
Long	1-2

INGREDIENTS

hydrogenated didecene, MIPA-laureth sulfate, laureth 4, propylene glycol, sunflower oil, acrylate copolymer, fragrance

WARNINGS

- Avoid contact with eyes and mucous membranes (mouth and nose). This product may cause severe eye irritation. In case of eye contact, rinse thoroughly with plenty of water.
- Do not use longer than directed or overnight while sleeping.
- Do not use if scalp is irritated or injured.
- Do not use a covering over treated hair like a shower cap or foil.
- Keep out of reach of children. Consult a healthcare professional before use if you are pregnant or breastfeeding.
- Stop use if signs of rash or irritation occur.
- For external use only. Do not swallow. If swallowed, seek medical help, or contact Poison Control Center immediately.
- Do not use if you have ever had an allergic reaction to any of this product's ingredients.
- Keep treated hair away from fire or other hot objects. Do not smoke during use or treatment.
